High Resolution, High Speed Color Label Creation

Get the impactful color labels you need as fast as you need them to create a safer, more efficient workplace. The BradyJet J5000 Color Label Printer is an on-demand, inkjet solution for creating photo-quality color labels for indoor use in a single pass, while reducing your inventory of labeling supplies and material waste.

Maximum Impact Labels

Color is a powerful tool that can be used to convey critical messages at-a-glance, emphasize information and increase brand recognition. Color visuals are quickly processed to help simplify learning, cut training costs to a minimum and make your workplace safer. In addition, using color:

- Improves learning and comprehension by over 40%
- Increases brand recognition by up to 80%
- Holds attention longer and increases recall compared to the same images in single color
- Adds clarity to workplace visuals, reducing the chance of miscommunication

Features:

- 4800 dpi print resolution for high-resolution clarity and fine detail
- Full color photo reproduction and wide tonal range allows for labels with photos, graphics, illustrations, text, linear and 2D bar codes, and more
- CMYK ink cartridges to create labels in all colors

More Time for Critical Tasks

When you save time printing the colorful labels you need on-demand, you have time to focus on other important tasks. This not only saves you money, but also helps to keep your facility running smoothly.

Features:

- Fast print speeds up to 6 inches per second
- Full color label printing in a single pass
- Large ink cartridges that reduce the amount of changeovers or replacements

Reduced Inventory, Waste & Cost of Supplies

Print just the quantities of labels you need, right when you need them, while saving time and money on buying and changing consumables. With the BradyJet J5000 printer, all you need is white label materials to create eye-catching, full-color labels. That means no pre-prints, no custom label types and no need to keep a large inventory of label materials. In addition, having four separate ink cartridges gives you the luxury of using all of the ink in each cartridge, while optimizing materials by only replacing individual cartridges as needed.

Features:

- More than 16 million color possibilities with only 4 ink cartridges
- Print up to 5,000 high resolution labels per day, using only the ink and label materials needed to keep waste down
- Variety of label options with 2-8 inch wide continuous and die-cut materials

COLOR LABEL PRINTER

Printer

Catalog #	Description
J5000	BradyJet J5000 Color Label Printer

Printer Specifications

BradyJet J5000 Color Label Printer	
Description	On-demand inkjet solution for creating photo-quality labels in a single pass, while reducing your inventory of labeling supplies and material waste.
Applications	GHS Labels, Pipe & Valve Marking, Warehouse Marking, Visual Workplace Labeling, Lean/5S, General & Industrial ID
Label Material Types	Inkjet receptive topcoated vinyl and polyester
Includes	Printer, printhead with setup ink cartridges and alignment paper, setup CD, power cord, Quick Start Guide
Printer Features:	
Mode of Operation	Peripheral mode
Print Technology	Thermal inkjet
Print Resolution	Up to 4800 dpi
Color Printing Capability	Full color process; up to 16.7 million colors
Maximum Print Speed	Up to 6 ips
Cutter Type	Auto cutter
Maximum Tape/Label Width	8.25 in (210mm)
Media Sensor Adjustment	None
Maximum Labels Per Day	5000
Display & User Interface:	
Display Type	Color LCD
Display Size	1.25" H x 1.5" W
Print Preview Feature	via Brady Workstation
Supply Remaining Gauge	Yes
Languages	English, Dutch, German, Spanish, French, Italian, Japanese, Korean, Chinese (Traditional), Chinese (Simplified)
Media / Supplies Information:	
Compatible Media	J50 series
Compatible Inks	J50 series
Continuous & Die Cut Materials Supported	Continuous Tapes & Die-Cut Labels
Ink & Label Installation	Change labels in less than 20 sec. Change an ink cartridge in less than 10 sec.
Calibration Required?	Calibration required only on initial setup
Quantity of Stock Media Parts	18
Custom Media Parts Available	No
Media Widths	2.0 to 8.0 in (50.8 to 203.2mm)
Maximum Printed Label Length	24 in
Minimum Printed Label Length	0.5 in
Optional Accessories:	
Accessories Available	Replacement printhead, replacement ink pads and replacement cutter blade
Software & Connectivity:	
Connectivity Options	USB, Ethernet and wireless
Software Compatibility	Brady Workstation
Operating System	Windows® 7/8/10+

Physical / Operational Characteristics:	
Dimensions	19.5" W x 10.2" H x 20.5" D (495mm W x 259mm H x 521mm D)
Weight	45 lb (20.4 kg)
Operating Temperature Range	59 to 90°F (15 to 32°C)
Storage Temperature Range	-40 to 140°F (-40 to 60°C)
Operating Humidity Range	20 to 80% RH non-condensing
Storage Humidity Range	5 to 90% RH non-condensing
Power Supply Voltage	100-240 V, 50/60 Hz
Auto Shutoff / Power Conserve	It is recommended that printer remain plugged in and turned on
Agency Approvals / Regulatory Compliance:	
Enables Industry Compliance	USA: UL, FCC Class A Canada: cUL, IC/ISED European Union: CE Mark; 2014/35/EU LVD, 2014/30/EU EMC, 2011/65/EU, 2015/863/EU RoHS2, 2014/53/EU RED Australia/New Zealand: RCM Japan: MIC
Safety Data Sheet - Ink	Available on Brady websites

Brady360® 1-Year Warranty

We have you covered.

To stand by our BradyJet J5000 Color Label Printer, Brady offers a 1-year warranty at no charge to the customer. Our 1-year warranty ensures the BradyJet J5000 will be free from defects in workmanship for a period of 1 year from the date of original purchase. Parts subject to wear and tear are covered for a period of 90 days. Brady has the right to determine if a part is subject to wear and tear.

See BradyID.com/brady360 for full coverage details.

Brady Workstation

Create labels on your PC and send to your printer. Brady has revolutionized the way you create labels on your PC with Brady Workstation and its apps that are specific to the projects you want to execute. It's built to be super powerful and super simple – just pick the apps you need to get your job done.

How does it work? Visit workstation.bradyd.com to download the program and choose from the Custom Designer app, GHS app or additional apps that are planned to be released for the BradyJet J5000 printer.

1. Download Brady Workstation at **workstation.bradyd.com**
2. Fill the workstation with the apps you want and leave out the ones you don't
3. Save time by quickly designing labels within the app and then printing them on your BradyJet J5000 printer

Apps made to work for you. These apps feature built-in regulations and standards, pictograms, common phrases, data importing, guidance and help functions — all to help you create signs and labels to keep your facility compliant and safe. Most of the apps are free, while others vary in cost with the option of a 14-day free trial.
